

WE SERVICE & REPAIR ALL INDUSTRIAL ELECTRONICS, MOTORS, HYDRAULICS & PNEUMATICS

Your #1 Source for Industrial **Repairs & Surplus**

Why Choose Us?

Customer Service

At Global Electronic Services, we believe in exceptional customer service. Our customer's needs are our utmost priority and responsibility. We go above and beyond our customer's expectations. Our phones are always monitored

by live personnel. Our trained staff have the expertise to handle any question or concern you may have.

Customer Resources

Global Electronic Services provides the most cutting edge resources to help make the repair process easy...

World Class Website & Customer Portal

- Customer Portal allows you to generate an RMA, approve orders, check repair status, make payments and review your entire order history
- The most complete repair pricing database
- Search our refurbished and surplus database with pricing and availability, over 5 million units available by part number, ready for delivery
- Detailed repair processes
- Get a quote or ask a question online
- Online Chat

to view our video: Why Choose Global

Social

 - like us on Facebook
 - subscribe to our YouTube Channel & our Blog

The Global Advantage

- ✓ 18 Month In-Service Warranty
- ✓ 1-5 Day Standard Turnaround
- ✓ FREE 1-2 Day Rush Service
- Free Evaluations on All Items
- ✓ The Global Price Guarantee - We'll Beat Any Competitor's Repair Price by a Minimum of 10%
- ✓ 24/7 Live Customer Support
- OEM Trained & Certified **Technicians**

- ✓ Industry Leading Test Equipment
- Failure & Testing Analysis
- ✓ Diverse Inventory of Common Failure Components
- Online Repair Status, Tracking & Management
- Most Complete Repair **Pricing Online**

Make Us Your Single Source Solution

Understanding Downtime

Let us show you how Global has lowered cost and reduced downtime for manufacturers around the world!

The Advantages are Clear

- Single source for repair, service & surplus needs; one stop shop convenience
- Considerable cost savings over alternatives, price guaranteed
- Extensive test equipment, OEM trained & certified technicians
- · Broad inventory of common failure components
- Live support 24 hours / 7 days a week
- Alternative solution offered if unit is deemed unrepairable
- 18 month in-service warranty
- 1-5 day standard turnaround
- FREE rush service
- On-site emergency repair/service available
- Large inventory of new and refurbished units

Your Online Source www.gesrepair.com

Available 24/7/365 Customer Portal

- **Generate an RMA#**
- **Approve orders**
- **Check the status of your repair**
- Make payments
- Get repair quotes 24/7/365
- Review your entire order history

Find service and parts information faster with our user friendly website. Our extensive relationships with manufacturers, wholesalers and distributors allow us access to thousands of, manufacturer inventories, ensuring best price and the fastest turnaround.

- New Units
- Repaired & Refurbished Units
- Surplus Solutions

On-Site Consulting Services

Global Electronic Services plant management strategy solutions have proven to reduce costs while streamlining process and plant performance. Let us help you improve production and increase uptime.

- **On-Site Assessment**
- **Purchase Analysis**
- **Outsourced Maintenance**
- **Performance & Reliability Management**
- **Asset Management**

Working with your operations on-site allows us to deliver service that specifically targets problems and mission-critical parts, allowing us to minimize downtime and prevent potential failures.

1-855-NITE FIX **Emergency Service** • 24/7/365

Facing downtime? Call Global Electronic Services! Our emergency repair line is staffed 24 hours a day, 365 days a year by our highly trained representatives.

Call us 24/7/365

- After Hours Rush Repairs
- **Trouble Shooting Help**
- Access to our Vast Inventory of Surplus
- The Most Reasonable Rates in the **Quickest Time Possible**

Repair Process

- Uniquely barcoded
- Tech evaluation completed · Needed repair parts list produced
- Within 24 hours customer quote created
- Submitted for customer approval by email and phone cal

- Technician assigned to unit

- True load testing and simulation stations determine faulty conditions and failure
- · Repair is completed
- Additional testing under load conditions ensures peak performance

- · If appropriate, the repair moves to a moisture drying room
- All repairs are prepared to be in a ready state for immediate installation upon customer receipt

- Packaging determinations, or custom packaging, are made to ensure safe travel based on size shape and weight of the repair
- The repair is invoiced after shipment and available to view in full detail in the online Secure

Industry-Leading Test Equipment OEM Trained & Certified Technicians

Highly Trained, Certified & Experienced Technicians

- **OEM** trained and certified
- On-going education
- Generations of experience
- Latest advancement in test procedures and best practices
- Warranty on all our repairs

Custom Engineered Test Stands

- We build Engineered Test Stands to closely simulate the conditions in the repaired unit's natural environment
- 100% TRUE Load Testing
- Dynamometers provide full resistance testing to identify weak or faulty components on motors and drives
- Servo Test Stands provide precise testing for servo drives. amplifiers, motors and feedback devices
- **Curve Tracer Signature** Devices – analyze and detect problems with circuit boards

visit gesrepair.com to view our video: **Custom Engineered Test Stands**

- Various PLC Racks, Function Generators, Precision Volt Meters, Load Banks, Test Sets, Analog and Digital Oscilloscopes Numerous Servo Motors & Cables, Various AC & DC Motors, Galvanometers, Megohmmeters, Huntrons, Capacitor Checkers nitor Testers, Tachometers, EPROM Burners, Chip Checkers & more!

AC & DC Motor Repair

Global Electronic Services offers the broadest range of AC & DC motor repair capabilities available in the industry. All motors undergo an extensive evaluation prior to any work beginning. All worn, damaged, or out of specification parts are replaced during the rebuild process.

visit gesrepair.com to view our video: **AC & DC Motor Repair**

Rewinding - As one of the few repair companies that offers in-house rewinding services, Global has perfected the process of rewinding AC & DC motors to ensure an exceptional repair:

- Windings are carefully stripped while maintaining the strength and structure of the core
- Coils are rewound to maintain regularity and accuracy
- Copper winding with high H class insulation is used
- Windings are then tested electronically to OEM specifications
- Stators and armatures are dipped to finalize the rewind process

Dynamic Balancing - Our highly skilled technicians perform dynamic balancing to reduce vibration and to make sure your motor runs at peak performance. Full balance reports available upon request.

Servo Motor Repair

Global Electronic Services offers comprehensive repair and maintenance on today's most advanced servo motors. Through our computerized repair procedures and OEM trained servo technicians, we can diagnose, repair, maintenance and re-align your servo motors.

During the repair process, wave form diagnostics are used, as well as test equipment, to ensure your servo motor is functioning within factory specifications. Each servo motor goes through a step by step repair process.

- Visual Inspection
- Rotate shaft and meg the motor
- Check alignment and feedback with Mitchell Electronics testing system
- Perform KE test, to check function of feedback: resolver angles, encoder count and tach voltages
- Servo motor is disassembled, cleaned and baked
- Perform surge and hipot test
- Perform any necessary machine work
- Installation of new bearings and seals
- Repaired motor is reassembled and bench tested
- Paint station
- Quality control checked

Shipped

Industrial Electronic Repair

The ever changing world of Industrial Electronics can provide constant obstacles in manufacturing facilities of all sizes and volume levels. That is why you need a partner you can trust! Whether it be component level failure to firmware corruption, Global Electronic Services is here to help. We are a trusted partner to manufacturers and distributors all over the world, as well as an authorized service center to many OEMS.

TO THE THE PARTY OF THE PARTY O

Because we refurbish and repair your entire electronic unit, not just the area of original failure, you have the confidence of knowing that your ENTIRE unit is covered with our industry leading 18

visit gesrepair.com to view our video: Some Industrial Electronics We Repair

With our state-of-the-art test equipment and computerized repair process, all repairs are evaluated, repaired to OEM specifications by trained and certified technicians and tested using leading-edge technology to ensure your unit is returned to you in superior condition.

- 100% true load testing
- Dynamometers

month in-service warranty.

- OEM test stands
- Servo test stands
- Curve tracer signature devices
- Simulation stations

Hydraulic & Pneumatic Repair

Global Electronic Services repairs and services all manufacturers of:

- **Valves**
- Servo Valves
- **Pumps**
- **Cylinders**
- Gearboxes
- **Actuators**

No matter what failure your hydraulics or pneumatics encounter, our OEM trained and certified technicians can handle the repair.

- Disassembled
- Cleaned and inspected
- On-board electronics are fully tested and repaired

visit gesrepair.com to view our video: Hydraulic, Pneumatic, Valve & Cylinder Repair

- Fittings are checked for tolerance
- All contact points are resurfaced
- Bearings, seals and o-rings are always replaced

All hydraulics and pneumatics undergo extensive testing after repair so that your equipment will be working efficiently for years to come.

- Pressure tolerance
- Standard specification checks up to 10,000 psi
- Flow testing for each unit's specific flow rate

In-House Facilities

Our in-house facilities are second to none. All of our services are TRULY done in our facility.

Whether we are repairing and replacing components, or machining and fabricating parts, Global Electronic Services provides the most effective repair service in the industry. When it is essential that your industrial equipment is repaired, accurately and on time, contact the experts at Global Electronic Services. Since we have it all under our roof, we can completely control quality and turnaround.

Surplus

Millions of Parts at Your Fingertips

Global Electronic Services stocks millions of units and parts in our facilities. We supply new and refurbished parts and equipment to facilities all over the world. Our service is fast and professional and our surplus is ready for delivery.

- Stock common failure components
- Complete units
- Refurbished units
- Hard to find parts
- Obsolete parts and equipment

Check out our extensive surplus collection on our website or contact us so we can provide you with the solution you need.

What do our customers say?

"Finding GES has been truly amazing!! I was using one of their competitors and too many items kept coming back that were unrepairable (or so I was told by them) after finding GES, I haven't had a single item that could not be repaired successfully by their highly skilled technicians.

The customer service department has always gone above and beyond for me, it is one of the many reasons that I tell absolutely everyone about how wonderful it is working with Global for all of my repair needs."

-David, MI Windows and Doors

"For the pass seven plus years we have been dealing with Global Electric Services. We have been sending all of our frequency drives and motors for service and repair and haven't had any problem with their work. The repairs are done in a very short period and their customer service members are very knowledgeable and outstanding. They currently repair all my equipment."

-Kal, Ducan Galvanizing

Making the Earth a Better Place

Do you have scrap units that you need to get rid of? We can help! Contact us today and we'll let you know when we can pick up your scrap units.

At Global Electronic Services, we believe in doing our part to help limit industrial waste for generations to come. Never be concerned if you are compliant or not. Let Global Electronic Services handle your electronic recycling needs.

Have you ever wondered what happens to failed industrial electronics once they have been discarded? The metals and materials do not decompose and litter landfills for centuries to come.

With Global's recycling solution, almost all failed industrial electronics are recycled. Whether certain units are reused to power manufacturing facilities around the world, or components are melted down and used for playground equipment or metal for new containers, you can rest assured we are doing our part to help conserve our planet for generations to come.

Shipping & Receiving

Global Electronic Services has customers located throughout the world and we are ready to receive and ship your packages. All units are packaged with the highest level of care to surpass OEM requirements. All boxes are packed to exceed all carrier standards.

Whether the shipment is domestic or international, we make sure it arrives in perfect condition. Our dedication to customer service doesn't end with the repair. Our shipping department will also make sure your item is back in your hands in a safe and timely manner.
